

We invite organisations to support the joint meeting of the Australasian Evolution Society (AES) and the Society for Australian Systematic Biologists (SASB), to be held in Wollongong in December 2026. Sponsorship supports early-career researcher attendance, keynote speakers, and conference operations while providing your organisation with visibility across the Australasian evolutionary biology community.

BENEFIT	Platinum \$5,000	Gold \$3,000	Silver \$2,000	Bronze \$1,000
